

Engine Mount Adaptor Kit Part# F10774

This kit adapts 326-455 engines to 1975-81 Firebird/TA

Hardware Includes:

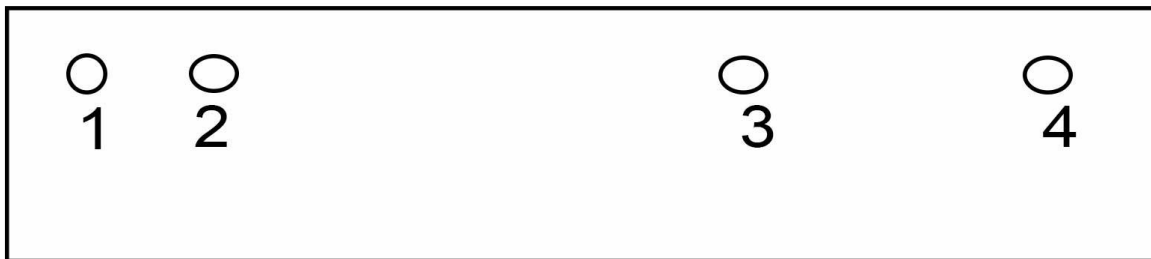

- 2- Adaptor Plates
- 4- 7/16"-14 x 3/4" Grade 5 Bolts
- 2- 7/16"-14 x 6" Grade 5 Bolts
- 2- 7/16" Lock Nuts

Mount adaptors to the block using holes marked 1 and 3 for 1969 and earlier engines or holes 2 and 4 for 1970 and later engines as shown in the illustration below.

Mount the adaptors so the tabs are facing out. Tighten the bolts holding the adaptor to the block to 60ft. lbs.

Note that there is a top side to the plates. The holes will be closer to the top than they are to the bottom.

CAUTION: Use only the bolts supplied with your adaptor kit!
